

Dr. A. W. Chase's 1908 Calendar Almanac

The Interesting Life Story Of Dr. A. W. Chase

A PRACTICING PHYSICIAN OF REMARKABLE SKILL, WHOSE WELL-KNOWN
MEDICINES HAVE MADE HIM FAMOUS THROUGHOUT THE
CIVILIZED WORLD

NATURE undoubtedly intended DR. A. W. CHASE to be a healer of the sick, and from childhood his efforts were ever bent in this direction. Any crumb of knowledge regarding the human body and its diseases was eagerly grasped and carefully preserved for future use so that by

*Respectfully,
A. W. Chase, M.D.*

the time he graduated from the Eclectic College of Medicine, Cincinnati, Ohio, and from the State University at Ann Arbor, Mich., he was qualified as few physicians are when beginning the practice of medicine.

DR. ALVIN WOOD CHASE was born in the county of Cayuga, N. Y., and spent his boyhood in the vicinity of Buffalo, where he received his early education in a log school house. Even then, it is said, he outstripped his fellow students and entertained the wish to study medicine.

After completing his medical education, DR. CHASE travelled throughout the greater part of the United States and Canada, gaining wonderful experience and invaluable information before he settled down to make his home at Ann Arbor, Mich. His success in private practice, his scientific investigations in search of better treatments, his work of collecting all the most successful prescriptions known to the profession, the publication of his now world famous Receipt Book, the discovery of the great family medicines and the perfecting of them by tests made in his own practice, all these are incidents in a busy life of work for the benefit of humanity.

DR. CHASE became one of the most prosperous and well-to-do citizens of Ann Arbor, and was noted for his large gifts to education and benevolent enterprises. News of his remarkable success in treating kidney and liver disorders, nervous troubles and other forms of serious disease soon spread abroad and brought appeals for help from all over the United States and Canada. He began sending medicines to persons at a distance, but soon found it impossible to keep up with the demand on his time, and so resolved to put up his greatest prescriptions in convenient form for home treatment and to place these in the hands of local dealers.

This effort to simplify medical treatment and save the too often unreasonable doctor's bills met with a storm of opposition from members of the medical profession, who feared the effect on their own practice and looked with envy on the wonderful success of DR. CHASE. The many large gifts of DR. CHASE to all worthy objects prove that it was no mere desire for money making that led him to so place on the market his great discoveries. Like a true physician, as he was, he thought most of relieving the sufferings of his fellow men.

As the details of manufacturing and distributing the remedies increased, it was found advisable to form the DR. A. W. CHASE MEDICINE CO., with offices and laboratories in Buffalo N. Y., and Toronto, Can. More recently the demand for these medicines in Europe has grown to such an extent that offices have been opened at 21 Cockspur Street, London, England, and to-day DR. A. W. CHASE'S MEDICINES, as well as his famous Receipt Book, are known wherever the English language is spoken, and orders are received from such far away points as Tasmania, New Zealand, British Guiana, Arabia, Nyassaland, Central Africa, and Assiout, Egypt. (See also page 3.)

The year 5669 of the Jewish Era commences at sunset on September 25th, 1908.
The year 1326 of the Mohammedan Era or the Era of Hegira begins on the 4th of February, 1908.
The 8th year of King Edward's reign begins 22d January, 1908.
The 42nd year of the Confederation of the Canadian Provinces begins July 1st, 1908.
The 133d year of the Independence of the United States begins July 4th, 1908.
The 1st day of January, 1908, is the 2,417,042nd day since the commencement of the Julian period.

ZODIACAL SIGNS

Head and Face, ♈ ARIES, the Ram.

THE SEASONS

Sun enters Aries—Spring begins March 20, 7 p. m.

Sun enters Cancer—Summer begins June 21, 3 p. m.

Sun enters Libra—Autumn begins September 23, 6 a. m.

Sun enters Capricornus—Winter begins December 21, 1 a. m.

Standard Time.

♊ Gemini, Arms

♌ Leo, Heart

♎ Libra, Reins

♐ Sagittarius, Thighs

♑ Aquarius, Legs

♓ Pisces, the Feet

♉ Taurus, Neck

♋ Cancer, Breast

♍ Virgo, Bowels

♏ Scorpio, Loins

♐ Capricornus, Knees

ECLIPSES

In 1908 there will be three Eclipses of the Sun and one of the Moon.

I. A total eclipse of the Sun, January 3rd, invisible.

II. An annular eclipse of the Sun, June 28th, visible as a partial eclipse.

III. A penumbral eclipse of the Moon, December 7th, middle of eclipse 7h. 4m. 55s. p. m.

IV. An annular eclipse of the Sun, December 23rd, invisible.

MORNING AND EVENING STARS

VENUS will be an Evening Star to July 5th, afterwards Morning Star.

JUPITER will be a Morning Star to January 29th, Evening Star to August 17th, afterwards a Morning Star.

MARS will be an Evening Star to August 22nd, afterwards Morning Star.

SATURN will be an Evening Star to March 21st, a Morning Star to September 30th, then Evening Star.

MERCURY will be visible in the Morning about March 27th, July 25th and November 13th, and in the Evening about February 13th, June 7th and October 4th.

VENUS at its greatest brilliancy May 29th, August 11th.

JUPITER'S Satellites invisible July 18th to September 16th.

Enormously Increased Demand for Dr. A. W. Chase's Family Medicines

The year just passed has been as a sort of land mark in the history of the Dr. A. W. Chase Medicine Co., not only because more of these well-known family medicines were used than ever before but also because of the handsome new laboratories which have been erected in Toronto, Canada, to accommodate the tremendous increase in business in that country alone.

In view of these circumstances, it seems only suitable that, in presenting you with this 1908 edition of DR. A. W. CHASE'S CALENDAR ALMANAC, we should review the history of this business in order that you may gain some idea of its immensity and the popularity to which DR. A. W. CHASE'S FAMILY MEDICINES have attained. The story is an interesting one and especially so to all who find pleasure in tracing great establishments back to their small beginnings.

Though Dr. A. W. Chase's practice extended throughout several States of the Union and into Canada as early as 1867, at which time Mr. G. W. Parish, Surgeon Bay, Ont., writes us that he went to the doctor at his old home in Ann Arbor, Mich., for pills for kidney disease, it was not until 1884 that the doctor made arrangements for the manufacture of his medicines.

For ten years the business was carried on in a small way, and in 1894 the first great step forward was taken, when the company began extensive newspaper advertising and distributing in order to make known the merits of the great prescriptions which Dr. A. W. Chase had so thoroughly tested in his practice before giving them to the public.

Some idea of the enormous development of business during late years may

be obtained from the following comparison of sales:

In 1894 the total sale of DR. A. W. CHASE'S KIDNEY-LIVER PILLS was 48,120 boxes, whereas at the present time the sales of a single year reach 400,000 boxes, to say nothing of his other great remedies.

DR. A. W. CHASE'S ALMANAC.

No small amount of space in all our laboratories is taken up with the mailing department, from which DR. A. W. CHASE'S CALENDAR ALMANAC is sent to millions of homes. The message carried by this annual visitor is one of hope and good cheer, as you will learn by further perusal of this copy. Not only are diseases and their treatments described, but many letters from cured ones are published so that you may know what to expect from the use of these medicines in your own case.

THE DIARY CONTEST.

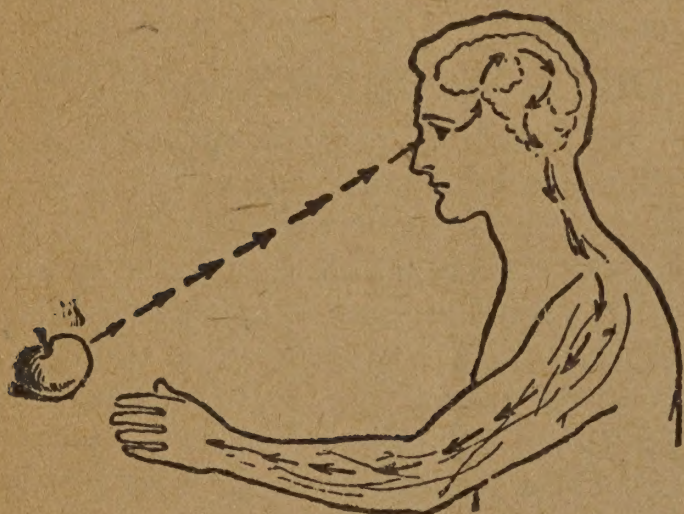

This annual competition for \$200.00 in prizes has aroused interest in Dr. A. W. CHASE'S ALMANAC from ocean to ocean. Thousands of almanacs are entered each year, and even persons who have not been so fortunate as to win prizes have been greatly benefitted by acquiring the valuable habit of keeping a daily record of events and business transactions. For full particulars in regard to diary contest see page 23.

THE WEATHER FORECAST.

That the weather predictions contained in this almanac each year are remarkably accurate and useful to farmers, civil engineers and others is attested by the many letters of favorable comment we receive in regard to this feature of the almanac.

Some Mysteries of the Nervous System Explained

There is so much mystery associated with the nerve force, which controls the organs of the human body, that it can best be likened to electricity, of which we know so very little and yet make such varied uses.

CUT NO. 1.

By referring to the accompanying illustration we want to point out some things that are known in regard to the workings of the nervous system and emphasize the necessity of keeping up the supply of nerve force in order that the various organs of the body may perform their functions and health be maintained.

There are two sets of nerves in the human body. Those which have to do with external objects and control seeing, hearing, feeling, moving, etc., and those which control the action of the vital organs as the heart, lungs, stomach and bowels.

Cut No. 1 shows how at sight of an apple the message is carried by the optical nerve to the brain, which receives, thinks and decides on some form of action and then sends out its command through the nerves which lead to the hand.

You cannot even brush a fly from your forehead without this process being carried out, though the frequency with which

the act is performed lessens the amount of thought required.

Simple as it may seem to see and pick up an apple, this act cannot be properly carried out if there is anything wrong with any of the nerves involved.

Injury to the optical nerve means defective sight or blindness, disease of the brain may mean paralysis of the nerves which control the movement of the arm or even the tiny nerves of the fingers may be defective so that the fingers are not under control of the brain.

The brain is the source of all nervous energy, for here it is that blood is converted into nerve force and for this purpose fully one fifth of all the blood of the human body is consumed. This explains the necessity of looking to the condition of the blood at the first sign of nervous trouble and shows how it is that DR. A. W. CHASE'S NERVE PILLS, the great blood-builders, are so remarkably successful in curing diseases of the nerves.

Now, when we turn to the great Sympathetic Nervous System, (cut No. 2) by which are operated the vital organs of the body, we find conditions somewhat different, for who, by taking thought, can cause his heart to beat or his stomach to digest food.

These acts must continue in unconsciousness as well as consciousness if life is to be preserved, and consequently Nature has provided store houses or nerve centres throughout the body where the nerve force manufactured in the brain is held in readiness for immediate use.

The heart, the lungs, the stomach, the liver, the kidneys, the excretory and reproductive organs are all dependent for motive power on the Sympathetic Nervous System, and when these organs are weak or irregular in action it is only

natural to infer that the supply of nervous force is becoming exhausted.

To be more definite let us consider, for example, the stomach, the nervous derangement of which is described as nervous dyspepsia or indigestion. In the illustration the small darts show how the nerve force passes along the sympathetic nerve to the stomach.

The stomach is a regular network of nerves, some of these report to the brain the sensations of hunger, others keep up the peculiar churning motion of the stomach and again others control the flow of the all-essential gastric juices by which digestion is brought about.

A considerable quantity of nerve force is necessary for this work and, as the amount in the human body at any one time is limited, the stomach is one of the first of the vital organs to suffer when the supply fails.

CUT NO. 2

Excessive mental effort, worry, intense emotion and disease consume enormous quantities of nerve force in the brain and by thus robbing the stomach bring about nervous dyspepsia or indigestion.

DR. A. W. CHASE'S NERVE PILLS cure nervous indigestion by actually supplying to the brain an abundance of pure, rich blood, the material from which alone nerve force can be manufactured.

The same explanation applies to derangements of the other vital organs, for every throb of the heart, every breath of air taken into the lungs as well as every action of liver and kidneys, etc., is dependent on the power supplied by the nervous system.

Because exhaustion of the nervous system leads slowly but surely to nervous prostration, locomotor ataxia, paralysis and even to insanity, it is most important that effective treatment be used just as soon as warning symptoms appear such as sleeplessness, nervous headaches, nervousness and irritability, indigestion, weakness and irregularity of the vital organs, feelings of depression, discouragement and general loss of energy and ambition.

After generations of searching and experimenting, medical science has succeeded in finding the elements which nature has provided for the formation of new rich blood and the creating of new nerve force. These ingredients are so combined in DR. A. W. CHASE'S NERVE PILLS as to bring about a natural and lasting cure for diseases of the nerves. Of this you can best satisfy yourself by reading carefully the letters contained in this book.

Nervous Headache

And Neuralgia

"Dr. A. W. Chase's Nerve Pills acted wonderfully well with me. Owing to neuralgia I was all broken down, very nervous and having hard attacks of nervous sick headaches—any excitement brought them on. It was suggested I get the Nerve Pills and try them. I am more than glad I did so as I feel well and strong again, nerves steady and plenty of energy. Those sickening, prostrating headaches as well as the neuralgia are a thing of the past and I am necessarily very much pleased with the Nerve Pills and their work."
—Mrs. E. D. Everts of No. 31 West Harrison St., Newark, Ohio.

Nerves Shattered

Everything Excited Her

"I was a victim of nervous headaches—the sort that leave one weak and prostrated—coming on with excitement or overstrain. The nerves were shattered and everything excited me. My stomach was also weak. I heard of Dr. A. W. Chase's Nerve Pills and got some. The medicine is excellent—the headaches are no longer dreaded—and the stomach strong again. My nerves are steady and the general health and strength good. I do my work which is rather hard, nicely and easily again. I am sure the medicine is a good one. The result proves it beyond a doubt." —Mrs. M. M. Crooks of No. 18 South St., Zanesville, Ohio.

Pale and Bloodless

"I always stood by Dr. A. W. Chase's old recipe book, so I knew that his Nerve Pills must be good. I got a box as I needed an all around tonic. I had been feeling badly all winter, was all run down, pale, bloodless, and depressed—appetite poor and nervous. Since I have used them my color is good, I eat well, sleep well and feel strong in every way. It is the first thing that has touched the case, and they suit me finely. They are a fine nerve and general tonic."—Mrs. C. Coyne, of No. 1603 Bedford avenue, Pittsburgh, Pa.

A MAN OF HIGH PRINCIPLES.

Scotsman up for the week end (who has been asked by his friend to go to a music hall)—"Na, na, mon! D'ye no ken I never visit a music hall on th' Saturday—for fear I should laugh in th' kirk on th' Sawbath?"

Weak and Nervous

"Dr. A. W. Chase's Nerve Pills are just grand. I used them for nervousness, sleeplessness and general debility and they gave me good, sound sleep, steady nerves and general strength, besides curing an old neuralgia of the head and stomach. My wife used them to control a swelling of the limbs due to a weakness of the blood vessels and muscles and it completely cured her. It is the first medicine that ever touched the trouble. We can't say too much for the medicine. It is a great tonic."—Mr. J. F. Miller of No. 11 Kinsman St., Ashtabula, O.

Medical student: "What did you operate on that man for?"

Eminent Surgeon: "Five hundred dollars."

Medical student: "I mean, what did he have?"

Eminent Surgeon: "Five hundred dollars."

THE ENGLISH LANGUAGE

Irish Lady—"I'd loike a fine comb, plase."

Clerk—"Yes, madam. A fine-tooth comb?"

Lady—"No, sor! I want it for me *hair*."

Nervous Prostration

"For some time I had been suffering with nervous prostration—weak, irritable and generally played out. I could not sleep; every little while I would start and jump during the night. I suffered from asthma at the same time. I obtained no relief until I purchased a box of Dr. A. W. Chase's Nerve Pills and tried them. They acted rapidly and finely. I am strong again, the nervousness is gone. I sleep well and the asthma is materially benefited. As an all-round general and nerve tonic, I can recommend the Pills to anyone, in my late condition, as a medicine eminently successful and beyond comparison in all conditions where the heart and nerves are affected by reason of nervous depression."—Mrs. John Adams of No. 306 Riley St., Buffalo, N. Y.

Youth is Not a Matter of Years

A little girl skipping on the street was asked if her father could skip. "No," she said, "but my grandfather can." The father was old at thirty-five and the grandfather young at sixty.

Youth is not a matter of years but when your energy and ambition begin to fail,

when you lose interest and sympathy, when you become irritable and impatient, when the duty of the day is accomplished with difficulty and there is suffering from indigestion, headaches, bodily pains and tired, languid feelings, you are growing old.

The blood is thin and watery, the vitality is running low and be-

cause DR. A. W. CHASE'S NERVE PILLS actually form rich blood and restore snap, vim and energy to the system, they are of the greatest assistance under these circumstances. By the building up process which this great cure sets in motion the ills and weaknesses which tell of decline and approaching collapse are entirely overcome. Many persons of advancing years have written to us in regard to the benefits they have obtained by the use of DR. A. W. CHASE'S NERVE PILLS.

Shakiness of Old Age.

"Dr. A. W. Chase's Nerve Pills are an excellent tonic to those to whom years bring nervous, shaky, trembling feelings—weakness and consequent inability to sleep. From the use of the box I purchased I got splendid results. The medicine made me steady, stronger and gave me restful sleep. This at my age is wonderful. It's the best nerve tonic I ever took."—Mr. W. Bigler, Piqua, O.

Symptoms of Nervous Exhaustion

Headache.
Neuralgic pains.
Sparks before the eyes.
Buzzing in the ears.
Vertigo, faintness and dizziness.
Blunted intellect.
Inability to concentrate the mind.
Irritable temper.
Tendency to fear and anxiety.
Sleeplessness.
Jerking of the limbs.
Grinding of the teeth during sleep.
Absentmindedness.
Despondency and gloom.
Impairment of memory.
Hesitating speech.
Muscular weakness and trembling.
Twitching of the muscles and nerves.
Flushing and pallor of the face.
Inability to stand exertion.
Easily fatigued by mental work.
Coldness in the limbs and body.
Weak heart action.
Palpitation of the heart.

His Doctor Treated Him for Locomotor Ataxia

But it Remained for Dr. A. W. Chase's Nerve
Pills to Cure Him.

"I wish to state for the benefit of any one suffering from paralysis or Locomotor Ataxia that Dr. A. W. Chase's Nerve Pills are a positive cure. I was wholly unable to walk or help myself in any way when I began to use the medicine. The best doctors in Dayton, O., told me I would not be able to walk for months anyway, which practically meant not at all. I took three boxes of your Nerve Pills and went to work at my trade, which is hard work—that of boiler maker. As a result I can recommend the medicine to any one, not only as a cure for Locomotor Ataxia and paralysis, but all forms of nervous disorders. You have my permission to publish this how and when you like, as I consider my cure miraculous, and I feel that everyone in the condition I was in should know of the result I obtained and profit by it."—Mr Chas. E. Lee, late of No. 206 So. Pierce St., Galion, O., now a resident of Springfield, O.

Dr. A. W. Chase's Nerve Pills

A Reconstructive Tonic.

An explanation of why DR. A. W. CHASE'S NERVE PILLS are called a *reconstructive tonic* will also lead to an understanding of the principle underlying this great medicine and the reason why they cure all diseases arising from watery blood and exhausted nerves.

Previous to the discovery of this treatment, opiates, narcotics and stimulants were used for such symptoms as headache, sleeplessness and nervousness, and the nerves soothed and deadened or whipped into unnatural effort, affording only temporary relief at a terrible expense to the system.

The fact that the source of all nerve force and power to rebuild broken down tissue is in the nourishment contained in the blood was overlooked by the medical men and to distinguish this new treatment from the old, we use the word *reconstructive*, for such it is.

This great reconstructive or builder is not a quick cure, but a natural and certain one. Every dose going to the formation of pure rich blood—the foundation of all health and strength. Feeble nerve cells are aroused to new vigor, wasted tissues are reconstructed, organs which were feeble and irregular in action assume their responsibilities; and the following diseases and symptoms of disease are positively cured:—Nervous headache and indigestion, nervous prostration and exhaustion, locomotor ataxia, partial paralysis, anæmia or bloodlessness, weaknesses and irregularities peculiar to women, dizziness or vertigo, palpitation of the heart and weak heart action, fainting spells, shortness of breath, brain fag and loss of memory, sleeplessness, irritability, restlessness, general debility and loss of vigor, energy and ambition.

The Tired Spring Feelings

Are Due to the Thin, Watery Condition of the Blood and Consequent Lack of Nerve Force, Vigor and Energy.

“WHY should there be tired feelings in the spring more than at any other season of the year?” This question comes to your mind when you feel scarcely able to drag yourself about to attend to the necessary work of the day, and for an answer you must look to the condition of the blood.

So much, after all, depends on the quality of the blood in the human system. In the spring the blood is almost sure to be thin and watery. The result is a starved condition of the nervous system and derangements of the vital organs of the body. The heart's action is weak, digestion is impaired, the filtering process is carried on by the liver and kidneys in an indifferent way, the excretory organs are slow in removing the poisonous waste from the body, and hence the pains and aches, the sleeplessness and irritability, the depressed spirits and tired, languid feelings of spring.

To overcome this run-down and worn-out condition of body and mind restorative treatment such as is found in DR. A. W. CHASE'S NERVE PILLS is absolutely necessary.

Not only is such treatment necessary for your comfort and happiness, but because in such a run-down condition you stand a ready prey to all forms of germ diseases.

In the spring the very air is filled with germs which lurk in myriads wherever winter refuse has been left to thaw and ferment, and the only resistance against disease germs is good red blood.

DR. A. W. CHASE'S NERVE PILLS

are above all else builders of good, red blood, and hence a restorative of the very highest class. For this reason their effects on the system are of substantial and lasting benefit. Gradually and certainly they form new, firm flesh and tissue, put new vigor and energy into the nervous system, improve digestion and restore health and strength. Note your increase in weight while using this great reconstructive.

The Doctor Said Nervous Prostration

But After Weeks of Effort He Could Not Help Me and I Was Cured by Dr.

A. W. Chase's Nerve Pills.

"I have been confined to the house all winter with nervous prostration and severe neuralgia in the head, the doctor said. I was so poorly that I could not even get about the house, and though I

doctored for weeks and used a great deal of medicine, I did not improve much. I got a box of Dr. A. W. Chase's Nerve Pills and they did me more good than anything I ever had, as the pain is all gone. I can now get around and out, feel strong, and have gained wonderfully in every way. I cannot speak too highly of them."—Mrs. Geo. Osborn of No. 121 James St., Carthage, N. Y.

Pat—"What be yer charge for a funeral notice in yer paper?"

Editor—"Two dollars an inch."

Pat—"Good heavens! An' me poor brother was six feet high."

Almost In Despair

"Last summer I was in bad shape—all run down in health—no appetite and poor digestion—I did not sleep well and felt tired and languid all day. I was pale and the circulation was poor—I doctored all summer with no improvement, and was almost in despair. Seeing Dr. A. W. Chase's Nerve Pills recommended I got a box and used them and they thoroughly cured me—no more dullness or headaches—sleep sound and refreshing, appetite good, digestion perfect—blood rich—circulation good—color excellent, in fact, vigorous and strong in every way. I can't speak too highly of the medicine as it certainly is a grand one."—Miss Elsa Faiser of No. 43 Main St., Oneonta, N. Y.

All Broken Down

Could not Work or Sleep and had no Appetite—Any Exertion Played Him Out
—Is Now Cured.

"As a result of general hard work, study and excess, I broke down about a year ago, and since that time, up to the time I began to take Dr. A. W. Chase's Nerve Pills, was in pretty bad shape, practically suffering from nervous exhaustion—any exertion played me out. It is a pretty hard matter for me to call attention to anything in particular. It was a general debilitated, languid, played out feeling and while not painful, depressing. I took the pills—three boxes, and am free to say they are a splendid tonic. They built me all up all over, at the same time lifted me out of the rut I had gotten into. I can heartily endorse them. I am back at my work and study again and find the old time pleasure in it."—Mr. Karl Barton of No. 182 Gardner Street, Buffalo, N. Y.

ONLY A SAMPLE.

"Waiter, bring me a steak," he requested as he seated himself at a table in a small cafe.

The waiter disappeared and returned in some minutes with a sliver of meat. The diner took the bit of steak on his fork, turned it round, and gazed at it critically.

"Yes, that's the kind I want," he remarked. "Bring me some."

"Do you believe," she queried, as the conversation lagged, "that man is really made of dust?"

"Well," he rejoined, glancing at the dinner check, "he wouldn't be able to travel far in your company if he wasn't."

Could Not Sleep.

"Sleep I could not. I tumbled and tossed all night. Went to bed tired, got up weary. A friend told me to use Dr. A. W. Chase's Nerve Pills and I did so. The effect was remarkable. I sleep well. Feel bright and strong and able to go at my work as well as ever."—Mrs. Jos. Hilmer, Delray, Mich.

Nervous Little Ones

"I have a little boy 9 years old, who from infancy has been a nervous excitable little fellow, and who played himself out on the slightest exertion. His sleep was not restful and the nervousness marked when I began to use Dr. A. W. Chase's Nerve Pills with him. Since I did so, he has been a different child—plays hard and stands it well—sleeps well and is generally steady instead of the old time nervousness and does not talk in his sleep. This, I think, is proof enough of their worth, and I feel I should say so that others may benefit by my experience."—Mrs. H. Alexander, of No. 242 Mortimer Street, Buffalo, N. Y.

The Work of the Kidneys

In Removing the Uric Acid Poisons from the Blood—Dr. A. W. Chase's Kidney-Liver Pills.

The weight of blood circulating in the body is about 23 lbs. and during one hour this blood passes through the kidneys three times in order that the poisonous waste matter—uric acid—collected throughout the system, may be filtered from the blood.

Under ordinary circumstances the kidneys perform this work without difficulty, but when the liver becomes torpid and sluggish in action, and by failure to attend to its portion of the filtering process throws double work upon the kidneys, there is sooner or later a breakdown.

Pains in the back, headache, aching limbs, pain and smarting in passing water, scanty, highly colored urine are some of the early symptoms of kidney disease. Later there comes dropsical swellings and the terrible pains of Bright's disease and stones in the kidneys and bladder.

But kidney disease is usually preceded by biliousness, liver complaint, stomach troubles and constipation, which goes to show that the trouble usually begins with the liver. It was in view of this fact that DR. A. W. CHASE'S KIDNEY-LIVER PILLS were prepared so as to have direct and specific action on both the liver and kidneys, and to this combined action is no doubt due the remarkable success of this great medicine even in the most complicated cases.

By invigorating the action of the liver DR. A. W. CHASE'S KIDNEY-LIVER PILLS take the burden off the deranged kidneys and strengthen the kidneys in their work of filtering the blood. Gradually the whole filtering and excretory systems are restored to healthful action and the pains and aches disappear.

Saved From a Long and Severe Illness

"Nothing can be written too strong to express my approval of Dr. A. W. Chase's Kidney-Liver Pills. My wife was in a very bad condition with kidney trouble and I became very much alarmed. I got some of the Kidney-Liver Pills, and had her use them. They soon put her on her feet again as well as ever, and I am satisfied saved her from a long illness, if not worse. I also used some of them, and never in my life had anything give more satisfactory or pleasant results. They are very searching and thorough in their work and leave no disagreeable after results, or cause any distress in the stomach."—Mr. Z. A. Estabrook of No. 637 Lafayette Street, Iona, Mich.

Make This Test

Put some urine in a bottle or a tumbler and let it stand for twenty-four hours; if there is a sediment in the bottom at the end of that time, or if it is discolored, milky, cloudy or stringy, your kidneys are out of order and not doing their work properly.

These are certain indications that you need just such help as is best supplied by Dr. A. W. Chase's Kidney-Liver Pills, the most reliable and most thoroughly tested medicine extant.

MILLIE AND TILLIE.

"I feel in my bones," declared Millie.

"I shall never marry, alas!"

"But not in your wish-bone!" said Tillie;
And now they don't speak when they pass.

Hardly Able to Work

"For a long time my system was in a terribly weakened state. Biliousness, severe indigestion and kidney trouble made me so miserable that I was hardly able to work. A friend told me of Dr. A. W. Chase's Kidney-Liver Pills, and I found them just as represented. They restored my health to me and I think they are a wonderful medicine."

—Mrs. Rose Chaffee, Eaton Rapids, Mich.

Cured After Twenty Years

"For twenty years past I have been troubled with constipation, headache and kidney trouble, and during that time I have taken dozens of packages of different remedies, but none of them did me any good. The secretions were irregular and unnatural. I got some of Dr. A. W. Chase's Kidney-Liver Pills, and since using them the action of the kidneys is normal and that of the bowels easy and regular, and the headaches a thing of the past."—Mr. Sylvester Pappert, 117 South Main Street, Shenandoah, Pa.

Backache That Tells of Kidney Derangements

PAINS in the back just over the kidneys, as indicated by the man in the illustration, weak back, lame back, aching back—these are the most marked and persistent symptoms of kidney disease, which is fully described on pages 15 and 19.

It may be from straining at work, from exposure to dampness and cold, or from sitting with the back in a draught after getting warm at work, for such are the causes which make kidney disease so prevalent among working men.

Dr. A. W. Chase long ago won the good will and confidence of the working people, not only by the remarkable efficiency of his celebrated KIDNEY-LIVER PILLS but also by the economy of this treatment. A single box, costing 25 cents, lasts about one month and is often sufficient in ordinary cases to effect a complete cure.

As to the curative value of DR. A. W. CHASE'S KIDNEY-LIVER PILLS there is evidence to be had in almost every town, village and country neighborhood in this country, as is shown in the testimonial given below. As many reports of cures as we have space for are published in this book and by reading these you may find cases similar to your own.

Could Scarcely Walk

"The Kidney-Liver Pills of Dr. A. W. Chase's are the finest medicine I ever got. I was in such shape with the kidneys and back that I could scarcely walk or get about at all. It was almost impossible to stand up, the pain was so bad. I was told by physicians and every one, I could not get over my trouble. The kidney secretions were very bad and scanty and the bowels bound up constantly. All this was brought on by exposure and carrying a pack. The use of a couple of boxes put me on my feet in good shape again; the secretions and bowels are normal again and I feel like a new man. I would willingly give \$1 a box for them."—Isaac Rothstein of No. 81 Washington Street, Bradford, Pa.

Dr. A. W. Chase's Kidney-Liver Pills

So far as we have been able to find out there is no treatment obtainable which so quickly and so thoroughly removes the cause of backaches and bodily pains as DR. A. W. CHASE'S KIDNEY-LIVER PILLS. The kidneys are set right, the uric acid poisons are eliminated from the body and there need be no further dread of Bright's disease, diabetes, dropsy or stones in the bladder.

Symptoms of Kidney Disease

Have you pains in the back over the kidneys?

Is the urine scanty and highly colored?

Are there brick dust deposits in the urine after standing?

Is the urine cloudy or milky?

Is there a frequent desire to urinate?

Is there pain and smarting when passing water?

Do you suffer from severe headaches, dizziness and defective eyesight?

Are you pale, losing flesh and do you start up suddenly from sleep?

Is the skin dry and harsh?

Have you shortness of breath and general weakness?

Do your feet and legs swell and are the eyelids puffed up?

Do you have rheumatic pains and stiffness in joints and muscles?

Are you overcome with feelings of weariness and despondency?

A study of these symptoms will enable you to decide if the kidneys are deranged and will point to the advisability of using DR. A. W. CHASE'S KIDNEY-LIVER PILLS before a more painful and fatal stage of this dreadful disease is reached.

"Do you find it more economical to do your own cooking?"

"Yes, indeed. My husband doesn't eat half as much now as he did."

NEVER HAD EXPERIENCE.

"There are lots of men able to govern women."

"Yes, and they're all bachelors."

Unhappy Victims of Severe Kidney Trouble

"I have suffered from Kidney trouble for the past 25 years very severely. I have treated with different doctors and was told I would never be cured—such severe pains through my loins and kidneys and a retention of the urine, with frequent calls at night. I got a box of Dr. A. W. Chase's Kidney-Liver Pills and they helped me at once. Their action on the kidneys is direct, and I found the effect all that could be desired—a cure."—John W. Todd of Otego St., Illion, N. Y.

Went to Dr. A. W. Chase in 1867

For over a third of a century the great prescriptions of Dr. A. W. Chase, the famous Receipt Book author, have been on trial by the public, and as proof of this we quote a letter from a man who bought Dr. A. W. Chase's Kidney-Liver Pills from the doctor himself in 1867:

"In the year 1867 I was very bad with my kidneys. I could not work on account of my back being lame, sore and painful all the time. Though I carefully followed the directions of our family doctor he was unable to do me much good. At this time Dr. A. W. Chase was becoming known as an especially successful physician, and on the advice of my uncle, Charles Williams, I went to Dr. A. W. Chase at Ann Arbor, Michigan, and he gave me a box of his pills for kidney disease.

"You can scarcely imagine how much good they did me. They helped me so much that I went back to the doctor and bought a dozen boxes. In my mind there is not a medicine half so good as Dr. A. W. Chase's Kidney-Liver Pills for kidney trouble and headache. We always keep them in the house as a family medicine, and I would not think of using any other."—Mr. G. W. Parish, Sturgeon Bay, Ont.

AS USUAL

"Oh doctor, could I only die!"

The suff'ring patient cried.

The doctor said: "I'll do my best;"

And soon the patient died.

Uric Acid Stones

The passing of stones or gravel, as the uric acid formation is called, from the kidneys through the ureters to the bladder probably produces the most terrible pain that human being was ever called upon to bear. In the case described in this letter a lasting cure was effected six years ago by the use of DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

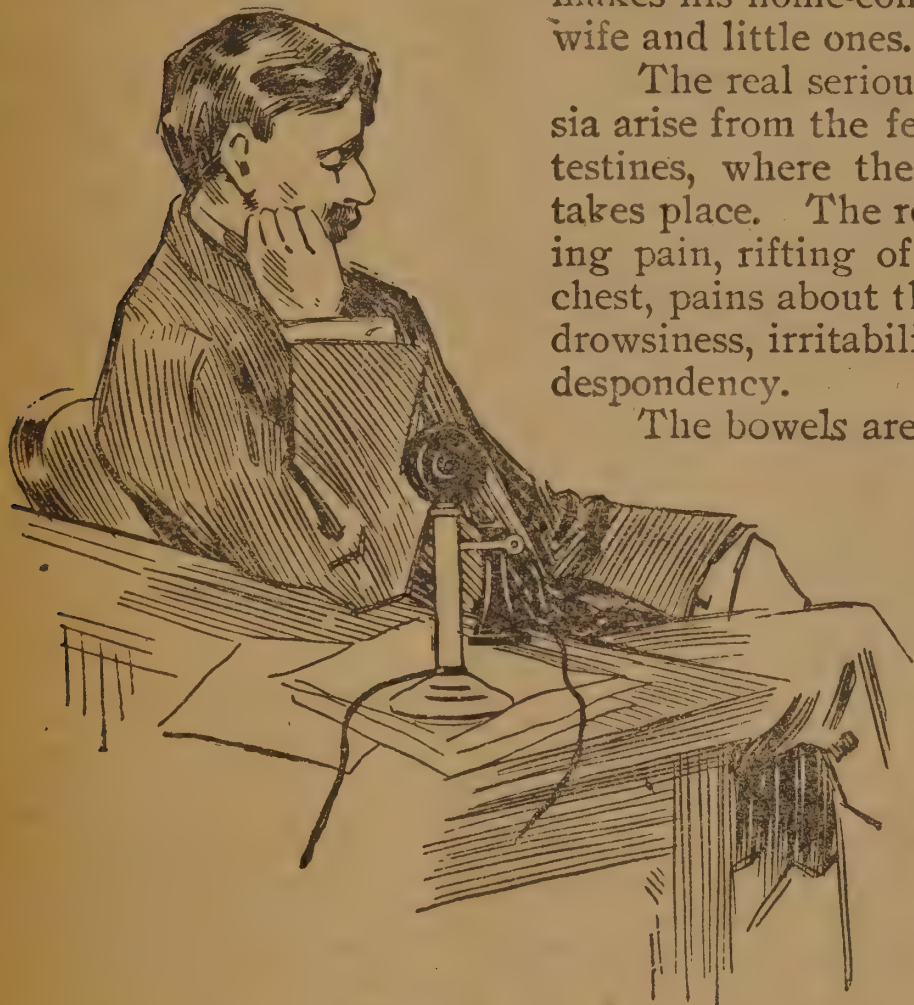

"Dr. A. W. Chase's Kidney-Liver Pills are wonderfully good. Six years ago owing to sluggish kidneys and an excess of uric acid in the blood, and the passage of stones or gravel, I was suffering from extreme pains in the back and up and down the spine; a fullness of the head, with pressure on top and consequent confusion of mind and dizziness. I was nervous as well. The Kidney-Liver Pills cured this—freed me from pain, steadied the nerves and gave me general strength; the pressure on top of the head, confusion and dizziness as well as the kidney irritation are things of the past. I am only too glad to say this as it may put others on the right track."—Mrs. J. Klesinger of Maple Avenue, Blairville, Pa.

The Despair of the Dyspeptic

Who has Sought in Vain for Cure from mere Stomach Treatments
and Neglected the Liver and Bowels

ALL is blackness and despair to the sufferer from indigestion and liver troubles. He can see only the dark side of things, and looks for failure in business as well as in health. The cares of the office or workshop are taken into the home, and irritability of temper, one of the most pronounced symptoms of dyspepsia, makes his home-coming anything but pleasant for the wife and little ones.

The real serious forms of indigestion and dyspepsia arise from the fermentation of the food in the intestines, where the most difficult part of digestion takes place. The result is the formation of gas, causing pain, rifting of wind, choking sensations in the chest, pains about the heart, feelings of heaviness and drowsiness, irritability of temper, discouragement and despondency.

The bowels are sometimes constipated and again too loose. There is headache, pains in the limbs, coated tongue, loss of appetite, and a poisoning of the system from the food, which has fermented instead of being properly digested.

It is in these serious and complicated derangements of the digestive system which upset and derange the entire economy, as no other line of trouble will, that

Dr. A. W. Chase's Kidney-Liver Pills

Show their remarkable control over the organs of digestion and excretion, and cure where mere digestive tablets and stomach treatments fail.

The flow of bile resulting from their quickening influence on the liver hastens the course of the food along the alimentary canal, prevents fermentation and insures good digestion and assimilation. Indigestion, biliousness and constipation are speedily and thoroughly cured, and vigor and health are fully restored.

Persons of sedentary habits are sure to suffer more or less from sluggish action of the liver and bowels, and consequent stomach troubles, but there is cure in the use of DR. A. W. CHASE'S KIDNEY-LIVER PILLS—not merely relief, but cure, thorough and lasting cure.

Symptoms of Biliousness and Liver Complaint

Is the tongue coated?
Does the head ache?
Is there nausea, vomiting and disgust
for food?

Are there feelings of fulness and weight
about the liver and stomach?

Is there looseness of the bowels alter-
nating with constipation?

Is the complexion sallow and muddy
and the eyeballs yellow?

Have you dull pains under the should-
ers and aching limbs?

Is the temper irritable and are you
nervous and easily excited and worried?

Is the urine highly colored and scanty?

Are you subject to dyspepsia or indi-
gestion and is there wind on the stomach?

You can scarcely expect to have all
these symptoms at one time, but by ask-
ing yourself these questions you will be
able to recognize biliousness and liver
derangements if you have them and will
know that you require DR. A. W. CHASE'S
KIDNEY-LIVER PILLS, one pill a dose at
bedtime, as often as is necessary to keep
the bowels regular.

REPORT TRUE.

She—"Soldiers must be frightfully dishonest
fellows."

He—"I say, how do you make that out?"

She—"Well, I hear it's a nightly occurrence for
a sentry to be relieved of his watch."

Sick Headaches and Biliousness

Sickness is to some extent a habit. This is es-
pecially true of biliousness and constipation. So
long as you neglect treatment or merely use medi-
cines to move the bowels, the old trouble returns.

Isn't it worth while to follow up a treatment
that has positively cured these ailments in thous-
ands of cases?

"We have used Dr. A. W. Chase's Kidney-Liver
Pills in our family for the past couple of years, and
have always found them a pleasant and effectual
remedy for those terrible racking bilious head-
aches. I consider them the best family pill for
the kidneys and liver to be had."—Mrs. William
O'Riley, of St. James Street, Carthage, N. Y.

THEIR POWER.

Manager—"I can't do a thing with Smith, the
new clerk, I've had him in three departments, and
he sleeps all day long."

Proprietor—"Put him at the pajama counter and
fasten this card on him: 'Our night clothes are of
such a superior quality that even the assistant who
sells them cannot keep awake.'"

Failing Eyesight was

Caused by Torpid Liver

"As a good family pill—one that can be relied on
at all times, there is none better than Dr. A. W.
Chase's Kidney-Liver Pills. I had been feeling
poorly for a long time, and nothing that I took
seemed to suit my case. The liver was inactive—
digestion was poor and my eyesight very bad and
blurred, and I felt tired and languid. I got some
of Dr. A. W. Chase's Kidney-Liver Pills, and had
used but a few doses when I felt decidedly better,
kidneys active and bowels regular. I use an occa-
sional dose now and feel and see as well as ever."

—Mrs. Charles Breen, corner Grand and Jack-
san Sts., Susquehanna, Pa.

WORTH IT.

One Little Girl in the Slums: "Wot yer say
she died of?"

The Other One: "Eating a tuppenny ice on
the top of 'ot pudding."

The First Mentioned: "Lor', what a jolly
death!"

Constipation

"I have no hesitation in recommending Dr. A.
W. Chase's Kidney-Liver Pills. I got some and
used them for constipation and indigestion, which
had bothered me for years. Their action on the
liver and kidneys was most thorough and satisfac-
tory, and as a result I have since been in the best
of health."—Mr. W. A. Dodge, of No. 196 Bald-
win St., Pontiac, Mich.

Their Place in the Home

It is interesting to notice how many
people say, "we are never without DR.
A. W. CHASE'S KIDNEY-LIVER PILLS in
the house to be used in case of bilious-
ness, constipation or kidney troubles" or
"We have never found any medicine so
effective in ridding the system of uric
acid and curing rheumatism." This
proves beyond question the confidence
people have in this well known medicine.

Prize Winners in Diary Contest

**Results of the Annual Competition in which \$200 in Gold is Given
for the Best Diaries Kept in Dr. A. W. Chase's Almanac.**

Every year adds to the popularity of this annual competition and as a result many are learning the usefulness of the diary feature of DR. A. W. CHASE'S ALMANAC.

It is not only the chance of winning a prize, although fifty or one hundred dollars is worth trying for, but you also form the valuable habit of keeping a record of business transactions which may make your almanac worth its weight in gold for future reference.

At time of writing the 1907, or first annual contest in the United States, is still going on, and we therefore give you a list of the prize winners for 1906 in Canada, where the idea was first inaugurated.

First, \$100 in Gold

Mr. and Mrs. Sanford Hoar, Scott Road,
Petitcodiac, N. B.

Second, \$50 in Gold

Mrs. Joseph H. Cook, Beachville, Ont.

Third, \$25 in Gold

Rev. Jos. H. Chant, Newburgh, Ont.

Fourth, \$5 in Gold

Mrs. Joseph Halliday, Williamsford, Ont.

Fifth, \$5 in Gold

Mrs. Lucy A. B. Smith, 322 Cambie Street,
Vancouver, B. C.

Sixth, \$5 in Gold

Mr. James Arthur, North Rustico, P. E. I.

Seventh, \$5 in Gold

Miss Eunice Watts, Waterville, King's Co., N. S.

Eighth, \$5 in Gold

Mrs. John Ranks, Makinak, Man.

Ninth, \$5 in Gold

Madame Marie Louise Patenaude, St. Marc,
Vercheres Co., Que.

The same amount, viz., \$200.00, will be awarded in prizes for the best memorandum of events kept in this almanac during 1908. Any one who keeps such a record in DR. A. W. CHASE'S ALMANAC is eligible for a prize, but preference will be shown for the diary which is most likely to prove useful, such as dates of births and marriages, of receipt and payment of money, of promissory notes or notable purchases, of time of planting, of hiring help, of setting hens, or when the mare is expected to foal, etc.

This competition will be closed on January 15, 1909, and it will therefore be necessary for your almanac to reach our offices on or before that date.

The awarding of prizes will be entrusted to a committee of three well-known newspaper men and the names of the winners announced in the newspapers throughout the United States.

It is not necessary to write a letter but address your almanac as follows:

DR. A. W. CHASE MEDICINE CO.,
Diary Contest. BUFFALO, N. Y.

Be careful to write plainly and enter your name and address below.

Name

Address.....

If you desire it we shall return your almanac at our expense as soon as the competition is closed.

**When Mailing Your Almanac to us Remember that as it Contains Writing it is Necessary to
Pay Letter Rate of Postage.**

The Persistent Symptom of Eczema is Itching Skin

DAYS of discomfort and agony, nights without rest or sleep—constant itching, this is the dark picture which presents itself to the sufferer from chronic eczema and all eczema tends to become chronic and spread over the whole body, even though it has its beginning in a poisoned scratch or a neglected skin irritation.

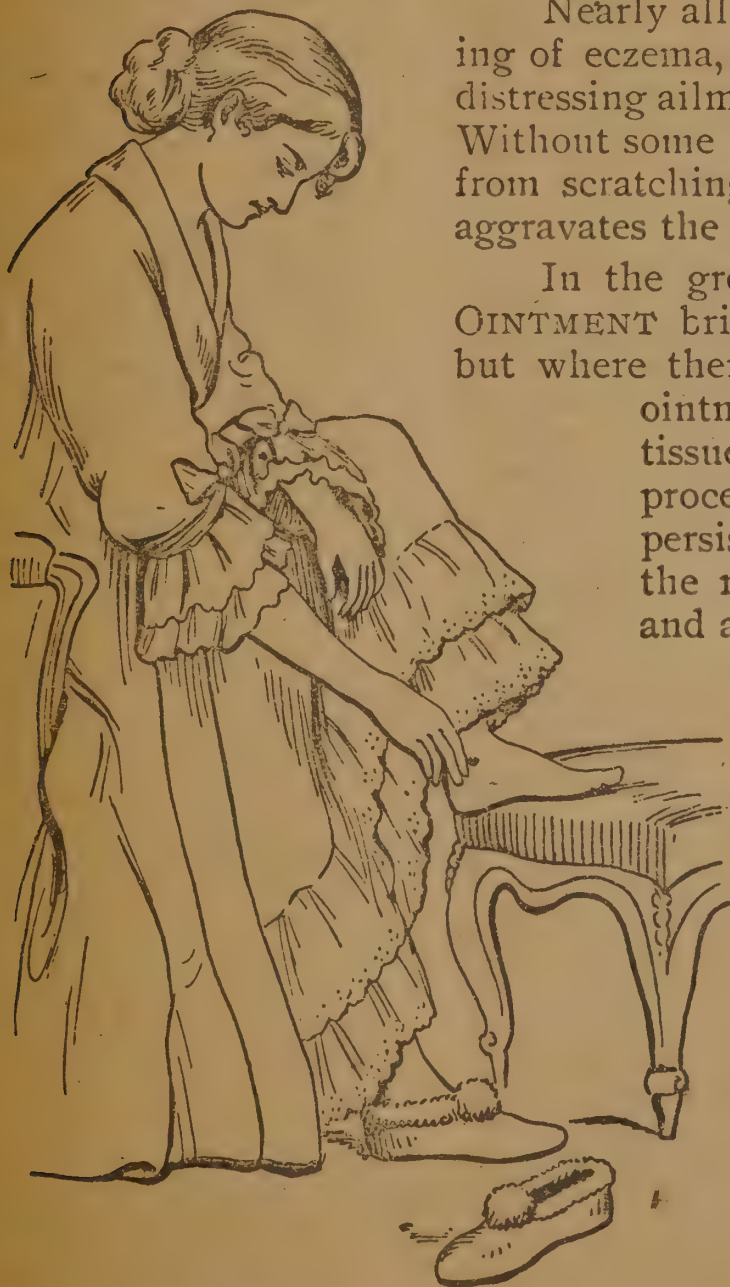

Nearly all itching skin diseases come under the heading of eczema, and though there are many varieties of this distressing ailment, the common symptom is itch, itch, itch. Without some soothing treatment it is impossible to keep from scratching, which only increases the irritation and aggravates the disease.

In the great majority of cases DR. A. W. CHASE'S OINTMENT brings relief from the very first application, but where there is a morbid growth to be removed the ointment may seem to irritate at first until the tissues are cleansed and prepared for the healing process. Cure is then a matter of patient and persistent treatment, for naturally and gradually the raw, flaming sores are soothed and healed, and a new, soft skin formed.

"Owing to a bad burn, the result of a natural gas explosion and thin blood, the sore spots did not heal as they should, and a nasty eczema started which itched and gave me lots of trouble day times and broke my rest at night, the spot on the ankle being particularly bad. I tried everything, with only temporary relief, until I used the Dr. A. W. Chase's Ointment. That stopped the itching almost immediately and shortly cured the trouble completely. Since then I have recommended it to others, and have not as yet heard of a case in which it failed to give the best of results."—Miss Yogna Stark, No. 292 Richmond Ave., Buffalo, N. Y.

DR. A. W. CHASE'S OINTMENT

There is no case of eczema too severe for DR. A. W. CHASE'S OINTMENT to cure, as you will learn by reading letters published in this book. On this fact rests its world-wide reputation. But at the same time wisdom suggests the advisability of treating every skin irritation or eruption, every case of poisoned skin or chafing, every sore or wound, before eczema with its distressing, agonizing itching sets in.

Baby's Suffering from Itching Skin

"I would not care if I could bear the suffering myself," said an anxious mother, "but for the poor innocent baby to be in agony from the dreadful, itching eczema is more than I can bear."

Fortunately there is in DR. A. W. CHASE'S OINTMENT soothing and healing for baby's skin troubles. While remarkably quick and effective in action, DR. A. W. CHASE'S OINTMENT cannot possibly prove otherwise than beneficial to the most tender skin.

While teething is often blamed for such troubles, attention should be given to diet, for poor quality of food is one of the most frequent causes. If nursing, the mother should consider her own condition. Too frequent bathing or irritation in drying should be avoided as well as the use of pore-clogging powders.

Eczema Covered Baby's Face.

"My baby had a bad eruption, called eczema, on the face, one that itched—kept her picking and tearing at it and making it worse all the time. I do not know what caused it, but I do know that Dr. A. W. Chase's Ointment cured it. I consider it a fine medicine."—Mrs. Charles Dunphy, 95 Railroad St., Sharon, Pa.

Carrying Them Out.—"I sent you some suggestions telling you how to make your paper more interesting. Have you carried out any of my ideas?" Editor—"Did you meet the office boy with the waste basket as you came up the stairs?" "Yes." "Well, he was carrying out your ideas!"

Lady (with pet)—"Barber, I want my dog clipped and shaved."

Barber—"Pardon me, madam, I'm no skyscraper."

Worth One Hundred Dollars.

"I would not take \$100 for the cure I got with Dr. A. W. Chase's Ointment from an old eruption of the skin that came out red, scaly and itchy. It was fearful at times the way it itched—particularly at night. I could do nothing with it until I got a box of the Ointment. That cured it in a hurry. As I said before I would not begrudge anything for the great relief, as I had tried everything, doctors and all. I can't recommend it too highly.—Mrs. Z. Christnor, of 919 Market Street, Canton, O.

Granulated and Inflamed Eyelids

Redness and inflammation of the eyelids, a tendency of the lids to stick together in the mornings, a feeling as though

particles of sand were in the eyes, these are symptoms of granulated eyelids. Cure is obtained by the use of Dr. A. W. CHASE'S OINTMENT, which allays the irritation and inflammation at

once and positively removes the granulation. Wash the lids with warm water at nights and apply the ointment.

PROVE IT AT OUR EXPENSE.

We know that DR. A. W. CHASE'S OINTMENT will cure eczema, piles and other torturing skin diseases and are so sure that you will be pleased with it that we are willing to send you a sample box free provided you send a two cent stamp to pay packing and postage. No matter what disappointments you may have had in the past or how many treatments or operations may have failed, there is hope for you in DR. A. W. CHASE'S OINTMENT. Send this coupon with your name and address on.

COUPON

We have such confidence in DR. A. W. CHASE'S OINTMENT that we want you to try it at our expense and will mail you a sample box on receipt of this coupon, and a two cent stamp to pay postage. Address:

Piles or Hemorrhoids

The source of keenest misery to thousands who dread an operation and do not know of Dr. A. W. Chase's Ointment.

Not only on account of the excruciating burning, stinging pains which accompany an attack of piles, but also because of the serious and oftentimes fatal developments which follow, we desire that everybody should become familiar with the symptoms of piles and also with the equally important fact that piles can always be cured by DR. A. W. CHASE'S OINTMENT.

Piles or hemorrhoids are divided into three classes according to the most pronounced symptoms, itching, bleeding and protruding of the pile tumors from the rectum.

You may become a victim of piles for considerable time before the tumors bleed or become so swollen or inflamed as to protrude or cause severe pain by burning and itching. The early indications are a feeling of fullness or distention of the rectum as if some foreign substance were present.

CAUSE OF PILES.

Piles are sometimes hereditary and usually come to women before and after childbirth. Inflammation may be brought on by diarrhoea, exposure to cold, the use of coarse paper in toilet, the excessive use of alcohol, tobacco or spiced food, etc.

All persons afflicted with piles assume a care-worn appearance, deteriorate in health and become anæmic and emaciated.

The loss of blood becomes serious and sometimes fatal, especially to anæmic and tubercular patients. There is also great danger of the development of abscess or fistula.

THE CURE.

That DR. A. W. CHASE'S OINTMENT is the most effective and satisfactory treatment that was ever recommended

for piles is now generally conceded and the proof of this statement is added to almost every day of the year by unsolicited letters received from persons who have been cured of piles after suffering for periods extending over ten, twenty or thirty years.

The day of the surgical operation for piles is about over, though some physicians still resort to this cruel, expensive and risky method only to find the tumors develop anew.

RELIEVES AT ONCE.

Usually from the first application DR. A. W. CHASE'S OINTMENT brings relief and it is sold under a positive guarantee to give satisfaction as a treatment for each and every form of piles.

Along with each box of DR. A. W. CHASE'S OINTMENT is enclosed a circular giving full particulars as to its use and we would only caution you not to discontinue the treatment as soon as relief is obtained but to cleanse the parts and continue the application of the ointment until the tumors entirely disappear.

A little Scottish boy was reading in his history an account of the battle of Bannockburn. He read as follows: "And, when the English saw the new army on the hill behind, their spirits became damped." The teacher asked the boy what was meant by "damping their spirits." The boy, not comprehending the meaning, simply answered, "Puttin' water in their whusky."

Dreadful Itching Piles

"I had been suffering for a long time from Hemorrhoids. I tried a great many different remedies and doctors, but nothing seemed to do me any good. The irritation was intense and very distressing. I got a box of Dr. A. W. Chase's Ointment, and from the very first the itching was relieved and all symptoms gradually disappeared until a perfect cure was effected."—Mr. John T. Ball, of No. 25 Mohawk St., Utica, N. Y.

Suffering Was Intense

"I have suffered intensely in the past from piles. The irritation was at times severe and very distressing. I saw Dr. A. W. Chase's Ointment recommended and procured some. I used it only a short time and the trouble was thoroughly relieved. I have since had no trouble. I can recommend it highly."—Mr. George Bertrant, of 54 D street, Sheboygan, Mich.

Afflicted For Years With Bleeding Piles

"For years I was sorely afflicted with bleeding piles. I tried every remedy I could think or hear of, besides using the prescriptions of many good physicians, but all to no purpose. I was fortunately advised to try Dr. A. W. Chase's Ointment and can truthfully say that the first application relieved me, and one-half box cured me. It is two years since I used the Ointment and I have had no return of the trouble since. This cure has been worth many dollars to me, as previous to that time I frequently lost two or three days' work a week on account of the distress."—Mr. Edward E. Howe of 930 Forest St., Racine, Wis., an employe of the Thomas Driver & Sons Manufacturing Co.

Barber's Itch

Barbers hate the very mention of this disease because they know that many a man shuns the barber shop from fear of coming in contact with this form of skin trouble.

It is now customary, however, for barbers to assure their clients that there is nothing to fear from this ailment if

DR. A. W. CHASE'S OINTMENT is used, for it stops the itching like magic and soon heals and cures the small sores. Rub in the Ointment after shaving.

"I have been bothered for some time with a rash on my face—something like an eczema or barber's itch. I got a box of Dr. A. W. Chase's Ointment and after using a few applications of the medicine I can say the rash is gone—in fact was when I finished the box. I am entirely cured."—Mrs. M. E. Hoover, Locust St., Wilmington, Ohio.

"Ah! proud beauty!" exclaimed little Sniffkins, "you spurn my love now, but, let me tell you, I will not always be a clerk—I—"

"That's so," interrupted the heartless girl, "you may lose your job."

"As an application to the inflamed, tender or sore surface or any irritation of the skin, Dr. A. W. Chase's Ointment is just splendid. It heals, soothes and cures them in a hurry. I prize it very much."—Mrs. S. M. Steeth of 1009 Jackson St., Frankfort, Ind.

Eczema Or Puritis Of The Rectum

"Your precious Ointment cured me of what the doctors called Eczema or Puritis of the Rectum, after everything else had failed. Up to the time I began to use it, I suffered terribly at night with the itching and burning. Four applications gave me relief and the further use of one box completely cured me. This fine result in the face of all the medicine I have tried, makes me feel that I can't speak too highly of, or recommend too strongly Dr. A. W. Chase's Ointment to anyone in a similar condition."—Mr. G. F. Streeter, Cherry Valley, N. Y.

Rectal Irritation

"Dr. A. W. Chase's Ointment is a wonderful Ointment. I have suffered general rectal irritability for several years. The Ointment is the first and only application that has touched the trouble and it has given me the greatest of comfort. I am well along in years and cannot expect too much, but am satisfied I have gotten hold of the right thing at last. It is the best medicine I ever had in my life."—Mr. R. A. Thacher, 333 Court St., Rochester, N. Y.

A FAIR INFERENCE.

She—"That Mr. Scarey is the most chicken-hearted fellow I ever met."

He—"Possibly he was an incubator baby."

Pat Shaughnessy, hearing that the bank in which he kept his savings had failed, rushed around with his bank-book and demanded all his money. The paying teller straightway began to count it out. "Oh, ye've got it, have ye?" said Shaughnessy, with a sigh of relief. "Kape it then. Oi don't want it as long as ye have it."

"Typographical errors," said William Dean Howells, "are always amusing. When I was a boy in my father's printing office in Martin's Ferry, I once made a good typographical error. My father had written, 'The showers last week, though copious, were not sufficient for the millmen.' I set it up 'milkmen.'"

Blind, Itching Piles

"For 17 years I suffered everything with blind, itching Piles. I had to stop work six or seven times during the day and at times rise many times in the night to attend to them so I could get peace. Nothing I tried touched them, and the list of things is a long one, until I got a box of Dr. A. W. Chase's Ointment. It is the greatest medicine I ever saw or heard of. It completely cured me and in no time. I am recommending it everywhere and shall continue to do so."—Mr. M. L. Perkins, Geneseo, N. Y.

Catarrh is in the Air of this Cold Northern Country

IF there is such a thing as a National disease in the United States it is undoubtedly catarrh, for it is sometimes stated that about 90 per cent. of the people suffer more or less from this disagreeable and obstinate ailment which in turn so frequently leads to consumption.

From incipient catarrh or cold in the head to chronic catarrh is only a step, only the matter of a little neglect and a little time. Sneezing, running at the nose, hawking and spitting, watery eyes, catarrhal headache, deafness, choked up air passages, foul breath, droppings in the throat, and later, stomach troubles, are the usual symptoms of catarrh.

By means of the improved blower, which is given free with every box of Dr. A. W. CHASE'S CATARRH POWDER, this medicine is sent direct to the diseased parts, where with its soothing, healing properties, it brings relief from irritation and inflammation, heals the catarrhal ulcers and cures catarrh.

Dr. A. W. Chase's

Catarrh Powder

Clears the choked up air passages, relieves the pressure on the brain which causes headache, counteracts foul breath, cures catarrhal deafness and overcomes all the distressing symptoms of this treacherous disease. The remarkable promptness with which this treatment brings relief from "cold in the head" and catarrh comes as a surprise to most people, and the cures which its persistent use brings about are none the less extraordinary.

"See, Bessie, you put the glass to your nose, the rubber to your mouth and give one good blow and away she goes. This is what cured me of catarrh."

COULD SCARCELY BREATHE THROUGH HER NOSE

"Catarrh is very bad in this country; nearly everybody has it, and it is claimed around here that Dr. A. W. Chase's Catarrh Powder is the best ever used. I had Catarrh for about five years. My head was so stuffed up I could scarcely breathe through my nose at all, and my breath was bad. One box of Dr. A. W. Chase's Catarrh Powder

helped me and three boxes entirely cured me. I now breathe freely through my nose day and night. I cannot thank you enough for your valuable Catarrh Powder. I gave two boxes to a friend and she is nearly cured."—Mrs. Ervine Chapman, Brutus, Emmet County, Michigan.

Doctors Advised An Operation

To Remove Catarrhal Growth in Nose—Cure
by Dr. A. W. Chase's Catarrh Powder.

"I take pleasure in recommending DR. A. W. CHASE'S CATARRH POWDER to everyone troubled with this complaint on account of the great benefit it has been to me. My case was of six years' standing and was so bad that I had catarrhal growths in my nose and was advised to have them burnt out. I could feel the droppings into my throat which used to make me very sick at times. I frequently had smothering feelings and would have to rush to the door to get my breath. At other times I had terrible pains in the head but all these symptoms soon began to disappear when I began the use of DR. A. W. CHASE'S CATARRH POWDER. I have also recommended DR. A. W. CHASE'S CATARRH POWDER to friends who have received wonderful benefit from it."—Miss Anna Stark, Washington St., Lorain, Ohio.

ONE BETTER.

"Madam," briskly spoke up the gent in the check suit when the lady of the house appeared at the door, "I have here an invaluable invention for daily domestic use—a combination of useful utensils no housekeeper should be without, combining, as it does, in one compact tool, a corkscrew, a paper-cutter, a tin-opener, a nut-pick, a bodkin, a shoe-buttoner, a——"

"No, thank you," she answered curtly; "I have all the hairpins I need."

The next moment the door was slammed in his face.

Build Up the System, Cure the Catarrh

Because Catarrh ravages the whole system, saps strength from the blood and nerves, ruins digestion and leaves its victim weak and emaciated, we recommend the use of DR. A. W. CHASE'S NERVE PILLS along with Dr. A. W. CHASE'S CATARRH POWDER in all cases of long standing. While the Catarrh Powder is overcoming the symptoms of catarrh, the Nerve Pills enrich the blood, tones up the system, and rebuild the wasted tissues.

"I had catarrh in the head for nine years and was weak, nervous, run down, easily fatigued, and suffered from those terrible night sweats. The combined use of DR. A. W. CHASE'S CATARRH POWDER and NERVE PILLS has done wonders for me and I now consider myself entirely cured.

"Mother has used DR. A. W. CHASE'S KIDNEY-PILLS and says they are the most satisfactory medicine she ever used."—Miss Agnes O. Gorman, St. Giles, Que.

Guaranteed Pure

DR. A. W. CHASE'S CATARRH POWDER is the most successful remedy for catarrh ever offered for sale, but it does not contain a single grain of cocaine or any injurious drug, as is evidenced by the following certificate of purity from Analyst Thomas Heys:

"I have made an examination of DR. A. W. CHASE'S CATARRH POWDER for Cocaine and any of its compounds, from samples purchased in the open market, and find none present."

(Signed) THOMAS HEYS,
Analytical Chemist, 114 Bay St., Toronto.

Speaking with a young lady, a gentleman mentioned that he had failed to keep abreast of the scientific advance of the age. "For instance," he said, "I don't know at all how the incandescent electric light is produced." "Oh, it is very simple," said the lady. "You just press a button, and the light appears at once."

Catarrhal Deafness

"I have used DR. A. W. CHASE'S CATARRH POWDER and have no hesitation in recommending it most highly. It clears the head and restores the hearing better than any remedy I ever tried, and has proved a most effectual cure in my case."—Mr. A. Underwood, 136 Hope Ave., Rochester, N. Y.

Chronic Catarrh

"I can scarcely find words to express my thanks for what DR. A. W. CHASE'S CATARRH POWDER has done for me. For two years I was troubled with catarrh in the head and have derived very great benefit from the use of three boxes of this preparation. I can recommend it most highly to anyone suffering from this disease."—Mr. Percy Hayden, Upper Ramouche, N. B.

Could Only Breathe Through Her Mouth

"For seven years I was seriously afflicted with catarrh. At night I would lie awake with my mouth dry and parched and could not breathe through my nose at all. I tried many remedies and doctored for 14 months with catarrh specialists, but never found anything to help me as DR. A. W. CHASE'S CATARRH POWDER did—that cured me."—Mrs. F. J. Farrel, 146 Hampshire St., Buffalo, N. Y.

PRICES OF

Dr. A. W. Chase's Medicines

Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cts. a box, 5 boxes for \$1.00

Dr. A. W. Chase's Ointment, 50 cents a box.

Dr. A. W. Chase's Medicines are for sale by all dealers, or will be sent by mail postpaid on receipt of price, by the

Dr. A. W. Chase Medicine Co.,

 Serial No. 968, guaranteed under the Food and Drugs Act, June 30, 1906.

257 Washington Street, BUFFALO, N. Y.

Do Not Be Deceived

As a result of the confidence which the people of this continent have in Dr. A. W. Chase's family medicines, there is a great temptation to others to trade on the reputation of the famous old doctor.

If you want the REAL DR. A. W. CHASE remedies, and others are offered as a substitute, under a similar name, you should ask and receive satisfactory answers to the following questions:

First—Who is the "DR. CHASE" whose so-called remedies you are asked to put into your system?

Second—Where did he live; what was his history and full name; where did he graduate; was he a regular practitioner, or did he have a diploma at all? In short, is he anything but a FICTITIOUS PERSON and a fake?

Third—If it is admitted that some one is masquerading under the name of fictitious "DR. CHASE," then what does he look like, and what claims has he to either medical intelligence, experience, education or competency?

Fourth—When did he or his medicine company first begin business, and is he simply imitating the old pioneer Dr. A. W. Chase or not?

If the replies to none of these questions are satisfactory, ask yourself if you had not better invest your money in the REAL DR. A. W. CHASE REMEDIES and the reputation of the REAL DR. A. W. CHASE, concerning which all of the above questions have been fully and publicly answered far in advance, for the name, signature, residence, work, history and portrait of DR. A. W. CHASE have been advertised in connection with these remedies since 1864. See Mr. Parish's letter on page 19.

As a guarantee of the truthfulness of our statements, we are willing to stake our whole financial responsibility, which can be learned by references to the commercial agencies and to any bank where our businesses are located.

SPECIAL NOTICES

Some people seem to think that by increasing the dose they will be cured more quickly. This is a mistake. Whether you are using a doctor's prescription or other medicines you will obtain the best results by following the directions closely. It is not large doses, but persistent and regular use which brings about the desired results.

If on account of exposure to dampness, or other causes not under our control, any of DR. A. W. CHASE'S remedies reach you in a damaged condition, you will confer a favor by returning same to our offices, when we shall gladly replace them at our expense with similar goods in proper condition.

Respectfully
A. W. Chace, ec. P.
